

# Indian Meteorological Society Pune Chapter (IMSP)

# Annual Monsoon Workshop 2024

The annual monsoon workshop will bring together experts, researchers, and policymakers to discuss advancements in understanding the oceanic and atmospheric factors that drove the unusual monsoon and extreme weather episodes of 2024

## The event will be held

Friday, 18 Oct, 2024

09:30 am - 06:00 pm

Venue: Irawati-Karve Hall, Savitribai Phule  
Pune University, Pune, Maharashtra

**Experts from IITM, IMD, INCOIS, NCMRWF,  
and CDAC will deliver keynote talks  
during the workshop**

**Students and ECR are welcome to submit abstract for  
poster presentation**

Theme-1: Physics, Chemistry and Dynamics of Monsoon  
Theme-2: Weather and climate extremes, Hydrological and  
Agriculture Impact

 [For Abstract submission](#) (last date of abstract submission 10-Oct 2024)  
 [For early registration](#)

(Early registration will help us to serve you better  
Spot registration at the venue is also available)

## Topics

- An overview of SW Monsoon 2024
- Performance of Long range & extended range forecast system
- Large scale oceanic features of 2024
- Extreme weather episodes of 2024
- Land Slide prediction systems
- AIML in weather prediction
- Outlook of NE Monsoon 2024

### Registration Fees:

For IMS Members / Students: Rs. 300 /-

For Others: Rs. 600 /-

Payment to be done on-spot at the conference venue
