

Training Calendar of refresher Courses

List of forth coming refresher courses to be conducted

S.No.	Name of the Refresher Course	Period
1	Refresher Course on Operational Climate Services	2 weeks during January 2019
2	Refresher Course on Extreme events	1 week during early February 2019
3	Refresher Course on Aviation Meteorology	1 week during April 2019
4	Refresher course on use and application of DWR products in NWP	1 week during May 2019
5	Refresher course on use and application of Satellite products in NWP	1 week during Oct 2019
6	Interpretation and application of NWP in weather forecasting	1 week during Dec 2019

List of refresher courses conducted so far

1	June 1970	Stratospheric Meteorology
2.	March 1971	Numerical Weather Prediction
3.	May 1972	Hydrometeorology
4.	March 1974	Agricultural Meteorology
5.	Feb. 1975	Satellite Meteorology
6.	Oct. 1975	Aeronautical Meteorology
7.	Feb. 1976	Tropical Cyclones
8.	Dec. 1976	Numerical Weather Prediction
9.	Feb. 1977	Agricultural Meteorology
10.	Dec. 1977	Atmospheric Waves
11.	Feb. 1984	Synoptic Analysis in Tropics with special reference in Aeronautical Meteorology
12.	April 1989	Short Range Weather Prediction including use of Numerical Weather Prediction products
13.	Jan. 1991	Cyclone Warning
14.	Sept. 1991	Aviation Meteorology
15.	Sept. 1992	Cyclone Warning (Emphasizing operational aspects and use of PCs in operational work)
16.	Dec. 1993	Aviation Meteorology (SAARC Seminar cum Training Workshop)
17.	Sept. 1994	Satellite and Radar inputs for Cyclone Warning (Conducted at New Delhi)
18.	May 1995	Operational Numerical Weather Prediction models
19.	Dec. 1995	SAARC Seminar cum Workshop on Tropical Cyclones and Forecasting (Conducted at Calcutta)
20.	Jan. 1996	LRF and Climate Change
21.	April 1996	Mesoscale systems and circulation with special emphasis on Tropical cyclones
22.	Nov. 1996	Aviation Meteorology
23.	Sept. 1996	SAARC Training Workshop on Long Range Weather Forecasting and Climate Change
24.	May 2002	Aviation Meteorology
25.	Sept. 2002	Special Refresher Course on General Meteorology for Naval Officers
26.	Dec. 2002	Special Refresher Course on General Meteorology for Salt Commission Personals & salt manufacturers
27	April 2004	Numerical Weather Prediction
28	May 2004	Environmental Meteorology

29	May 2004	1st National Workshop for Port Meteorological Officer's
30	June 2004	Special Refresher Course on General Meteorology for Naval Officers
31	April 2005	1st Batch of Aviation Refresher course for SO & SA's
32	Sept. 2005	2nd Batch of Aviation Refresher course for SO & SA's
33	Sept. 2006	Multi-stake holder consultation workshop cum seminar on Communicating Meteorology
34	Feb. 2007	Special Refresher Course on General Meteorology for Salt Commission Personals & salt manufacturers
35	May 2007	Met. Training course for observers of Army/SASE, (Conducted at MMC Srinagar) under project PARWAT
36	July 2007	Direct Trainer skills course conducted jointly by MoES & IMD at CTI, Pune
37	Sept. 2007	Met Training course for observers of Army/SASE, (Conducted at MMC Srinagar) under project PARWAT
38	Sept. 2007	Direct Trainer skills course conducted jointly by MoES & IMD at Goa.
39	Dec 2007	First Advanced course on Astronomy
40	May 2008	Met. Training course for observers of Army/SASE, (Conducted at MMC Srinagar) under project PARWAT.
41	May 2008	Refresher Course on Hydrometeorology for staff working at FMO.
42	May 2008	Met. Training course for observers of Army/SASE, (Conducted at MMC Srinagar) under project PARWAT.
43	July 2009	Mid level update Course for Naval met. officers
44	Nov. 2009	Aviation Meteorology.
45	March 2010	Workshop for Journalists under Outreach Programme
46	March 2010	Workshop for Teachers under Outreach Programme
47	Sept. 2010	WMO CLIPS Workshop on Urban Climatology
48	Sept. 2011	Aviation Refresher Course
49	Nov. 2011	Mid level update Course for Naval met. Officers
50	Nov. 2012	Application of DWR Products in NWP
51	Dec. 2013	Short term Training course in General Meteorology
52	Nov. 2014	WMO Group Training Course "Instrument Maintenance & Calibration"
53	Aug. 2015	Operational Climate Services
54	Dec. 2016	WMO Group Training Course "Instrument Maintenance & Calibration"
55	March 2017	Aviation Meteorology
56	February 2018	Application and interpretation of NWP products
57	Marrch 2018	Diagnostic/Synoptic Meteorology
